If it be intended to send a letter by way of Marseilles, it must be so marked and an additional Postage of 2 annas for every quarter of an ounce paid upon it.

The following Conditions are to be observed in sending Book-Packets by Post:—

1st.—The Postage must be pre-paid in full, by means of Postage Stamps affixed outside the Packet on its cover.

2nd.—Every Packet must be sent either without a cover, or in a cover open at the ends or sides, so as to admit of the enclosures being removed for examination.

3rd.—The Packet may contain any number of separate books or other publications, prints, or maps, and any quantity of paper, parchment or vellum (to the exclusion, however, of letters whether sealed or open) and the books or other publications, prints, maps, &c., may be either printed, written or plain, or any mixture of the three. Further, all legitimate binding, mounting, or covering of a book, publication, &c., or of a portion thereof, will be allowed, whether such binding, &c. be loose or attached; as also rollers in the case of prints or maps, markers (whether of paper or otherwise) in the case of books; and in short whatever is necessary for the safe transmission of literary or artistic matter or usually appertains thereto.

4th.—The Packet must not contain any letter, closed or open, or any enclosure sealed or otherwise closed against inspection, nor must there be any letter, or any communication of the nature of a letter, written or printed in any such Packet or on its cover. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter.

5th.—No Book-Packet can be received if it exceeds two feet in length, width, or depth.

6th.—Any Packet which shall not be open at the ends or sides, or shall have any letter or any communication of the nature of a letter written or printed in it or upon its cover will be charged with Letter Postage.

7th.—If a Packet be found to contain any letter, whether closed or open, or any enclosure sealed or otherwise closed against inspection, or any other unauthorized enclosure, the letter or enclosure will be taken out and forwarded to the address on the Packet, charged with full Postage as an unpaid letter, together with an additional Book-rate; that is, with the Postage chargeable on a Book weighing not more than half a lb the remainder of the Packet, if duly pre-paid with Stamps, will then be forwarded to its address.

8th.—If a Packet be not sufficiently pre-paid with Stamps but nevertheless bear Stamps equal to a single Book-rate, it will be forwarded charged with the deficient Book-Postage together with an additional Book-rate; but any Packet which shall not bear Postage Stamps equal to a single Book-rate will be detained and charged with the Letter Postage.

9th.—No Book-Packet weighing more than three lbs can be sent to or from the East Indies or to New South Wales.

10th.—The Colonial Book-Post extends to those Colonies only which are so marked in the Table of Colonial and Foreign Postage.

11th.—In no case can a Book-Packet be sent to the Colonies (except at the letter rate of Postage,) through a Foreign Country.

SPECIAL Notice is directed to the subjoined Clauses of Rules, the want of attention to which has occasioned the Post Office much inconvenience.

2nd.—A separate instruction will be required for every change of address, and no instruction will be attended to for more than three months after its receipt.

3rd.—Under Section XXIII. of Act XVII. of 1854, Forward Postage will be charged in addition to all other Postage due or paid thereon upon every letter without exception, which may be re-directed in any Post Office. For example, if a letter posted in Calcutta and addressed to Hooghly is, under instructions which may have been received from the addressee, re-directed in the Calcutta Post Office and sent to Barrackpore, Forward Postage will be charged in addition to the Postage which would have been due, had the letter been despatched to Hooghly according to its original address.

4th.—The practice of giving instructions to the Officers of the Post Office to intercept and re-direct letters, not only imposes much labor upon them, but in large Offices seriously retards the delivery and despatch of the Mails. A register of instructions regarding changes of address will be kept in every Post Office, but it must be understood, that it is impossible to guarantee that they shall be attended to, except in the case of letters received for delivery.

THE Railway Trains leave Howrah, at 9-20 A. M. daily (Sundays excepted.) THERE is only one delivery of letters at the General Post Office on Sundays, and Banghy Parcels are neither received nor despatched on that day.

LETTERS and Newspapers despatched to and from the United Kingdom by private Vessels are liable to the following rates of Postage which must be pre-paid by Stamps:—

	Ra.	As.	Pie.

And so on adding 8 annas for each oz. or fraction thereof which includes Inland Postage.

Notice.

THE following Extract of an Order of the Government of India, No. 884, of the 13th July 1855.

"No Public Officer is authorized to send Covers on the Public Service by Post, without payment of Postage, unless he is at the time on active duty and in charge of the Office by virtue of which the privilege is enjoyed. All letters superscribed as 'on the Public Service only' must, even though the Postage thereon be not paid, be received and opened by the Officer to whom they are addressed, but if any such, or partially paid letter so superscribed, and addressed to any Officer except a Secretary to Government be found when opened, to relate to the private affairs of the Sender, the Postage will be debited to him and he will be further liable to be dealt with under Section XLVII. Act No. XVII. of 1854.

His Honor in Council further directs that unpaid or insufficiently paid letters addressed to any such Officer or Department and not superscribed 'on the Public Service only' be refused, or if opened that it be at the risk and cost of the opener."

IRON Pillar Letter Boxes have been placed in the following localities :—

Rada Bazar, Bonded Ware-house, Wellington Square, Mangoe Lane, Park Street, Gowkhannah, Scott Thomson's, General Treasury, Prinsep's Ghaut, Fort near Main Guard, Watgunge, Salt Golah Ghaut, Matia Poruze, Ballygunge, General Hospital, Theatre Road, Strand Flour Mills, Prossono Coomar's Ghaut, College Square and Chitpore Road, and are opened three times a day at 9 A. M. 1 and 4 P. M.

Letters, &c., intended for Calcutta posted in the above Box up to 9 A. M. and 1 P. M. will be brought in time for the second and third deliveries respectively, and those dropped into the Box after 1 P. M. and up to 4 P. M. will be distributed the next morning at the first delivery.

Letters, &c., intended for the Train Mail, found in the Pillar Box at 9 A. M. and 1 P. M. will arrive in time for 4 P. M. Despatch, and those posted after the last mentioned hour and up to 5 P. M. will be forwarded by the Express Mail Train at 8-45 P. M.

Letters, &c., for Eastern and Southern routes posted up to 5 P. M. will be forwarded to their destination at 8 P. M.

On Sundays, the Letter Box will be cleared twice, viz., 12 noon and 4 P. M., and letters, &c., posted after the latter hour will be brought to the Calcutta Post Office the following morning.

LETTERS arriving at the Presidency Towns, by Mail Steamers will be immediately sorted for delivery according to the address alone, without any reference to instructions which may have been received regarding change of address; such changes will be left to be discovered by the Delivery Officers, and be corrected in the forward and unclaimed Departments of the Office.

Forward Postage will be charged in addition to all other Postage due or paid thereon, upon every letter, without exception, which may be re-directed in the Post Office.

Letters, &c., received by the Steamer will be delivered at the Window of the Post Office only to parties who have registered their names. Applications to the Post Office on the day of the Steamer's arrival to intercept and re-direct letters, &c., cannot be attended to, as they are found not only to impose much labour but seriously retard the delivery and despatch of the Mails.

ALL Banghy Parcels being registered before despatch it is needless to have a Banghy Parcel specially registered by payment of the Fee of 4 annas as no additional precaution can be taken of a specially Registered Parcel which is not taken in the case of every ordinary Banghy Parcel.

UNDER the orders of Government, no fourth delivery of letters by the Post Office is allowed. Mails which are received by Steamers from Suez at so late an hour in the day as not to admit of the letters being taken out for delivery by 6 P. M. are detained till the following morning, but parties who have registered their names under the usual fee, are entitled to receive their letters, and Marseilles Newspapers so soon as the Mails are sorted, and which is generally about 2 $\frac{1}{2}$ hours after receipt of the Mails at the Post Office.

A NUMBER of Letters and Newspapers for parties residing at Calcutta are from their being directed to the Suburbs* of the Town, mistaken for places in the Mofussil, and are enclosed in the Boxes superscribed "Inland" by the London Post Office and are not in consequence discovered by the Indian Post Office, till after the local delivery has taken place. This will account for some of the letters, &c., reaching the addressees at a late hour.

I have, &c.,

(Signed) W. MATHEW, *Lieut.-Colonel,*
Adjutant General of the Army.

ADJUT. GEN'L'S OFFICE ;
ALLAHABAD,
The 21st December 1858.

TO THE MAJOR OF BRIGADE,
with Brigadier Horsford, C. B.
Camp Kooelee, 24th November 1858.

SIR,

I HAVE the honor to report, for the information of Brigadier Horsford, C. B., that agreeably to instructions received, I marched from Mahonah with the Troops as per margin, at day-break yesterday, and at about half past eight o'clock arrived before the small Fort of Rehora, situated on the right bank of the Goomtee, about nine miles from Mahonah.

Detd. F. Troops, R. H. A.
1 6-pr. Gun 1 12-pr. Howitz.
1 Officer, 52 men.
Detd. 2nd Company, E. A.
2 54-inch Mortars.
1 Officer, 13 men.
Madras Sappers.
1 Officer, 41 men.
Detd. 7th Hussars.
4 Officers, 78 men.
Detd. Hudson's Horse.
1 Native Officer, 25 men.
1st Madras Fusiliers.
28 Officers, 500 men.
5th Punjab Rifles.
2 Officers, 3 Native Officers,
137 men.

I halted the Troops, while Captain Steel, the Civil Officer with the Detachment, sent Her Majesty's Proclamation into the Fort, with an intimation to the Rebels, of whom there were about 200, (fifty or sixty being Sepoys of the regular army)

that on their laying down their arms they would be spared. An answer was shortly received to the effect that the Fort and all the munitions of war it contained would be surrendered without opposition. Captain Steel accordingly entered the Fort, followed by the Detachment of the Punjab Rifles, but found that many of the Rebels were escaping with their arms, some across the Goomtee, which runs close under the wall of the Fort, and some towards Kooelee, a Fort about two miles higher up the river. The Punjabees poured a fire into them, and followed the latter along the bank of the river in the direction of Kooelee, while I took the Horse Artillery Guns, supported by Cavalry and Infantry, round to intercept the fugitives, but owing to the numerous ravines intersecting the high bank, did not arrive in time to do more than throw a few shells into such bodies as were still within range on the opposite side.

I had decided on encamping here with a view to demolishing as much of the Fort as possible, when a report reached me from the Officer Commanding the Detachment Punjab Rifles, who, in the heat of pur-

suit, had followed the Rebels in the direction of Kooelee, that he had suddenly come under the fire of that Fort, and requested support.

It being still early in the day, and Captain Steel having arranged with the Karinda of the Chowdry of Lorhela for the demolition of the Fort of Rehora, I considered it an object to have an additional day to dismantle that of Kooelee before rejoining the Brigadier; as also more advisable to support the Punjabees than to withdraw them from such a distance.

I therefore resumed my march, and about half past twelve o'clock arrived before Kooelee, which, according to the information I received, was held by from 100 to 200 Rebels, of whom some 50 or 60 were said to be regular Sepoys.

A similar offer of terms was made but rejected.

A village between the road by which we approached and the Fort was then cleared by the fire of the 2 mortars and of 2 Companies of the Madras Fusiliers, whom I placed on the bank of the river to watch the ghut, and also prevent the Rebels from doubling back. I then moved, with the mortars and the remainder of the Fusiliers, round the village to the West face of the Fort, of which I obtained a view at a distance of about 350 yards.

While a fire was kept up by the mortars and the supporting Company of Fusiliers, the place was more closely reconnoitred by Captain Scott, Field Engineer, and myself, until we discovered the approach to the gate, and a position from which the Artillery fire would be more effective.

To this latter the mortars and the two guns were brought, and the latter in a short time opened a practicable breach in the wall in front of the gate, but as this only served to disclose the fact of the approach being strongly flanked by defences, on which the Artillery with me could have little effect, and as I did not consider the speedy possession of a place of this nature worth the sacrifice of life it must have entailed, I decided on suspending operations till I should receive further instructions from the Brigadier, and withdrew the Troops to Camp, which had been pitched about a mile from the Fort, and from which picquets were thrown out to prevent the egress of the Rebels on this side the river.

About midnight, information reached me that the Rebels had evacuated the Fort, crossed the Goomtee, and fled to Kyarnawgong. The former intelligence I found this morning to be correct.

About 40 of the Rebels were killed in the pursuit from Rehora; their loss at Kooelee I have been unable to ascertain.

It grieves me deeply to have to report the loss on our part of Captain Scott, Field Engineer, who was shot while endeavouring more nearly to reconnoitre the gate. I need not dilate on his value, as it was well known to the Brigadier, but must express my sorrow at being unable to return him my thanks for his zealous and active services during the day.

I have nothing further to report than that the conduct of both Officers and Men was admirable, although they were under arms for a protracted period without being allowed that full play to their efforts which would have secured them instant success. The Artillery and the supporting Companies of Fusiliers worked gallantly and steadily under a harassing fire.

Captain Steel, Assistant Commissioner, afforded me every assistance in his power.

I have the honor to enclose a return of Casualties, as also of the captured munitions of war.

I have, &c.,

No. 611 of 1858.—The under-mentioned War-rant Officers, attached to the Delhi Pioneers, hav-ing distinguished themselves in several actions, having been specially recommended by their

Commanding Officers, and being considered by His Excellency the Commander-in-Chief to be eminently deserving of reward, the Right Hon'ble the Governor General, concurring in that opinion, is pleased to confer upon them the rank of Ensign Unattached, subject to the approval of the Right Hon'ble the Secretary of State for India :—
Conductor W. Willocks.
Sub-Conductor A. Monies.

Allahabad, the 31st December 1858.

No. 612 of 1858.—The Right Hon'ble the Governor General of India is pleased to notify for observance in the three Presidencies, the fol-lowing Rules for the trial by Court Martial of European Officers and Soldiers of Her Majesty's Indian Forces, and for the attestation of Recruits enlisting in India into the said Forces.

At trials by Courts Martial of European Officers and Soldiers of Her Majesty's Indian

Forces, the Courts are to be formed and are to proceed in exactly the same manner as heretofore, under the provisions of the Statute 20th and 21st Victoria, Chapter 66, for "punishing mutiny and desertion of Officers and Soldiers in the service of the East India Company."

On the enlistment of Recruits, the "Questions to be put separately by the Justice to a Recruit on enlisting,"—given in the Schedule annexed to the Mutiny Act for Her Majesty's Forces, are to be put to the Recruit; but in Question 8, after the words "Infantry," "Cavalry," or "Artillery," as the case may be, these words are to be inserted, "of Her Majesty's Indian Military Forces;"—and Question 8, in the said Schedule, heretofore put to Recruits enlisting for the East India Company's Service, is to be discontinued.

The Declaration and Oath in the said Schedule are to be administered to the Recruit; but the additional Oath heretofore administered to Recruits enlisting for the East India Company's Service is to be omitted.

Allahabad, the 1st January 1859.

No. 613 of 1859.—In their Military Despatch to the Government of India, No. 42, dated the 16th of February 1858, published in Government General Orders No. 603, of the 17th of April 1858, the Hon'ble the Court of Directors of the East India Company were pleased to declare, that it was fully intended that the Officers in the Service the Company "should receive the same benefits of promotion as Her Majesty's Officers under the Royal Warrant of October 1854."

Previous to the receipt of this intimation, the promotion of Officers of the East India Com-

pany's Service had been regulated in accordance with instructions received from the Hon'ble Court, as notified in the several General Orders cited in the margin; which instructions applied the Provisions of

the Royal Warrant of October 1854, in a modified form only, to the case of Officers of the Company's Service.

In fulfilment of the intention of the Hon'ble Court, as expressed in their Despatch of February last, above quoted, the Right Hon'ble the Governor General is pleased to direct the following arrangements:—

First.—That all Regimental Majors, being Brevet Lieutenant-Colonels, who had held Command of Regiments for three years before the date of Her Majesty's Warrant of the 6th of October 1854, or who subsequently, during the operation of that Warrant, have completed the period of three years in Command of Regiments, shall be promoted to Colonel by Brevet from the 28th of November 1854, or from the date of completion subsequently of their respective periods of Command.

Second.—That all Lieutenant-Colonels in the Army, whatever their Regimental rank, who, previous to the date of Her Majesty's Warrant of the 6th of October 1854, or during the operation of that Warrant, have held for three years such Staff situations as are declared in that Warrant, or have been declared by the Government of India under the authority of the Hon'ble the Court of Directors, to be equivalent to Regi-

mental Command, shall be promoted to Colonel by Brevet from the 28th of November 1854, or subsequently from the date of completion of their periods of Staff employ.

The Governor General desires to notify for the information of the Officers of Her Majesty's Indian Forces in the three Presidencies, that in a Royal Warrant dated the 14th of October 1858, Her Majesty has been pleased to make new Regulations for the promotion of Officers, which from and after the date of that Warrant are to be observed, and will govern the promotion of the Officers of Her Majesty's Indian Forces.

In conformity with the 14th Clause of Her Majesty's said Warrant of the 14th of October 1858, the Governor General directs, that Lieutenant-Colonels who held that rank prior to the 20th of June 1854, shall be promoted to the rank of Colonel,—Commissions to bear date the 28th of November 1854,—and that such of the said Lieutenant-Colonels as have been passed over by Officers who have attained the rank of Colonel in conformity with the Provisions of the Royal Warrant of the 6th of October 1854, shall be restored to the respective places which they would have occupied as Colonels, had they been promoted in ordinary succession under the system of periodical Brevets.

The Governor General requests that recommendations for promotion in conformity with this General Order may be forwarded to the Secretary to the Government of India, in the Military Department, without any avoidable delay, under the authority respectively of the Governments of Fort St. George and Bombay and of the Right Hon'ble the Commander-in-Chief in India.

Notice is hereby given, that on Monday, the 10th January 1859, at the hour of Eleven o'clock in the forenoon, will be put up to Sale, at the Exchange Rooms at Calcutta, and sold by Public Auction, for exportation by Sea, the under-mentioned quantity of Opium, the Provision of 1857-58, subject to the following conditions, viz. —

Produce of Behar Agency	...	Chests 1,915
Ditto of Benares ditto	...	" 345
Total Chests		2,260

Conditions of Sale.

1. The Opium will be sold for exportation by Sea only, and no Certificate will be granted, except to cover such export.
2. The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price, except under the circumstances for which Provision is made by Clause 12 of the Conditions of Sale.

3. The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a Public Holiday) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of, or if the quantity of 2,260 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain on hand at a future Sale.

4. Each lot to contain Five Chests.

5. A deposit in a Promissory Note, either for 25 per Cent even money of the amount for which each lot is knocked down, or for Rupees 1,000 at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale Room, and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'clock of the afternoon of Saturday, the 15th January, or on the other hand failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such Conditions of Resale as the Board of Revenue shall see fit, and all losses and expenses, whatsoever attending such Resale, shall be borne and paid by the defaulters, whilst any profit accruing from such Resale shall be forfeited to Government.

6. The Promissory Notes taken on the day of Sale, under the last mentioned Condition, if remaining unredeemed on the said 15th January will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

7. No tender of money, Sub-Treasurer's Receipts, or Public Securities on account of Opium upon which the prescribed deposit may not have been made before 4 o'clock of the 15th January, will be afterwards accepted.

8. The Opium now advertized for Sale shall be paid for within fifteen clear days from the day of Sale, that is to say, no Treasury Receipt will be accepted in payment after 4 P. M., of Tuesday, the 25th January 1859, and in case any lots of such Opium shall not be so paid for and adjusted, then the Cash deposit of 25 per Cent even money of the amount for which each lot is knocked down, or Rupees 1,000 for each lot, or any Public Securities that may have been deposited on account of such lots or Chests shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the Resale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such Resale.

9. Purchasers taking out Certificates or orders for the delivery of Opium after making full payment as above prescribed, shall have the option of

naming the number of lots of their purchase which they may desire to be included in each Certificate or order and it is to be clearly understood that the Certificates or orders so taken out shall be considered final, and not afterwards changeable for other Certificates or orders authorizing the delivery of single lot or of a different number of lots, or Chests, whether more or less than the number of lots or Chests originally required to be included in each Certificate or order.

10. No Sub-Treasurer's Receipts or deposit of Public Securities under the fifth of the present conditions, will be received in this Office except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11. The Officer superintending the Sale on the part of the Board of Revenue, is empowered to reject, at his discretion, the bid of any individual unless such individual shall on demand tender at the time of deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid, or to Rupees 1,000 for each lot.

12. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified that the Officer of Government superintending the Sale shall be competent at any time during the Sale to withdraw any unsold lot and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bona fide* bidder for a lot after it has been offered for Sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of 400 Rupees specified in the Second Clause of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession at the same price and under the same conditions any number of lots of the same Agency Opium to the extent of twenty-five lots, provided always that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal and all and every plea and pleas to the Jurisdiction of the said Supreme Court shall be waived.

15. The following papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue,

No. 1. Certificate of the Opium now advertized for Sale.

No. 2. Report of the examination of such Opium.

16. The Public are hereby informed that in providing the investment of the Behar and Benares Opium for the year 1857-58, the same precautions have been taken as those which have been observed during past years, to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares and a Statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta may be seen on application at the Office of the Junior Secretary to the Board of Revenue. Four Chests of Behar and Benares Opium, viz., two of the Season's provision under Sale, and two of the previous Season will be also shown to the purchasers at the Exchange Rooms on the day of Sale, to enable them to judge of the state of preservation in which the drug has kept.

17. Any further information respecting weight or quality of the Opium advertized for Sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug, which may be preferred on reference to Chests after the Sale and delivery of the Opium for Shipment.

18. The Public are hereby informed that in addition to the quantity above-mentioned for Sale in January, the following quantities more or less of Behar and Benares Opium of 1857-58 will be brought to Sale in the year 1859, on or about the dates specified below. The Board, however, reserve to themselves the right of altering these dates should circumstances render it expedient to do so:—

tioned, the entire quantity of about 27,173 Chests of Behar and Benares, as above estimated, will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the Twelve Sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a sale to be held expressly for the purpose.

Article 6th.—“With regard to the Trade in Opium it is agreed between the high contracting parties that at each of the periodical Sales of that article there shall be reserved for the French Government and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of Chests so applied for, provided that such supply shall not exceed Three Hundred Chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood, that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the Three Hundred Chests hereinbefore mentioned. The requisitions for Opium as aforesaid are to be addressed to the Governor General at Calcutta within thirty days after notice of the intended Sales shall have been published in the *Government Gazette*.”

Legislative Council of India.

THE 8TH JANUARY 1859.

THE following Act, passed by the Legislative Council of India, received the assent of the Right Honorable the Governor General on the 30th December 1858 (communicated to the Legislative Council on the 8th January 1859), and is hereby promulgated for general information:—

Act No. XLI of 1858.

An Act to amend Regulation X. 1829 of the Bengal Code (for the collection of Stamp Duties.)

WHEREAS, by the General Rule laid down at the end of Schedule A annexed to Regulation X. 1829 of the Bengal Code, it is declared that, if any Deed, Instrument, or Document specified in that Schedule shall not be contained in one sheet or piece of paper or other material, it shall suffice that one sheet shall bear the stamp, provided that the seals or signatures of the parties and witnesses be thereupon: and whereas the said Rule has been productive of inconvenience, and there is reason to believe that many Deeds, Instruments, and Documents have been executed since the said Regulation came into effect in respect of which the said Rule has not been complied with; and it is expedient to repeal the said Rule, and to provide for the reception in evidence of such Deeds as aforesaid; It is declared and enacted as follows:—

Part of Schedule A. Regulation X. 1829 repealed.

I. The above Rule is hereby repealed.

II. Every Deed, Instrument, or Document specified in the said Schedule, which is or shall be contained in more than one sheet or piece of paper or other material, shall be deemed to be sufficiently stamped if any one or more of such sheets or pieces of paper or other material shall bear the requisite stamp, or stamps equal in value to the requisite stamp, whether the signatures or seals of the parties and witnesses shall or shall not be upon such sheet or sheets. The above provision shall apply to Deeds, Instruments, and Documents executed before this Act, as well as to Deeds, Instruments, and Documents which shall hereafter be executed. Provided as regards Deeds, Instruments, and Documents which shall be executed after the first day of January 1859, that every sheet or piece of paper or other material which shall contain any part of such Deed, Instrument, or Document shall be stamped with a Government Stamp of the value of at least one anna.

III. In any case in which a Deed, Instrument, or Document has been rejected by any Court upon the ground that the same was not stamped within the meaning of the above-mentioned Rule, any party injured by the decision may obtain a review of judgment if the application be made within six months from the passing of this Act, and if the Court to which the application is made be satisfied that the Deed, Instrument, or Document, if admitted, would have led to

different decision upon the merits of the case.

IV. Nothing in the last preceding Section shall extend to any case in which a final decision was given more than six years before the passing of this Act.

SIR,

I HAVE the honor to forward extract of a letter from Mr. Bingham, Honorary Magistrate of Chynepore, to Mr. Money, which gives a more full description of Brigadier Douglas' surprise of the Rebels at Sylva, on the night of the 24th, than I have hitherto been able to furnish. Mr. Bingham's information seems throughout this little campaign on the hills to have been very good; and he has been most indefatigable in his exertions to keep up the Troops well supplied, and to furnish them with good guides, while he has done much to induce the Chynepore people to afford us a hearty support. He eminently deserves the thanks of Government.

2. Mr. G. Drummond too, I may observe, another Honorary Magistrate, accompanied Colonel Walter's Column, as Civil Officer, from Arrah to the Kynore Hills, and has been of the greatest assistance to that Officer from his thorough knowledge of the people and the country. He also well merits some acknowledgment from Government.

I have, &c.,

COMMISSIONER'S OFFICE;
Patna Division,
The 20th of November 1858. }

Extract from a letter dated 25th November 1858,
from Mr. Hingham, Honorary Magistrate of Ohynepore, to Mr. Money.

From intelligence which I received about noon yesterday, the Brigadier determined to make a night attack, and attempt a surprise. The Rebels, at least 250 in number, yesterday morning plundered Bardehra and then moved on to Dahar, from thence after dark to Sulya in the same valley, about 12 miles from this place; not a word was said to any one, but at half-past seven a small Force was quietly got under arms, and marched off without noise; the intelligence was perfect, although we were afraid the moon, which was bright, would betray us; but we took no baggage, so were enabled to move quietly. When we reached Dahar, it was about 11 p. m., and we found the enemy had left their quarters at Dahar, after night fall, and gone to Sulya, but were still there: so we moved on quietly till, on the East of the village, on the bank of the Soorah river, we saw their watch fires in the open, under 3 or 4 large Peepul trees. The Brigadier immediately extended part of the Force in skirmishing order, and the whole rapidly, but silently, advanced. The only sentry they had awake was bayoneted without a murmur, and the enemy did not perceive us till we were within 20 yards of them; and to complete their confusion a withering volley from about 100 Rifles was poured into them, and with a cheer we rushed on with the bayonet. About 50 at least of the enemy were killed; how many more I cannot say, as we followed them up sharp into the jungle, and several leaders sunk in the river. The surprise was so complete, and their confusion so great, that they did not attempt to fire a single shot, but tried their best to get away. They were all Sepoys of the 40th, 37th, 72nd, 5th, 13th, and other Corps, and a Subadar of the 72nd was killed. We took 116 muskets and matchlocks, the latter of which we broke them (P) away, having no carriage, 153 swords, their cooking pots and 10 ponies, all their clothes, they had not time to put on their shoes, a number more of muskets are scattered in the jungle, and several are known to be in the river. They took away very few, if any weapons with them, and I think that party may be considered as fairly dispersed.

TO THE BRIGADE MAJOR,

Brigadier Horsford's Field Force.

Camp Hydergurh, 30th November 1858.

SIR,

I HAVE the honor to report, for the information of the Brigadier, that yesterday afternoon, November the 29th, immediately on receiving the order, the Force as per margin paraded and left Camp exactly at 3 p. m., in pursue the force of the enemy under Bance Madho, which was reported to have crossed the Jugdespore Road about 8 miles from

Camp, on its way towards the Gountee.

My orders being to pursue them towards the river, hasten their movements, and compel them if possible to cross, and not to let them fall back on Jugdespore, also to avoid all the nullahs near the river, 25 Sowars were sent forward to obtain information.

The Force proceeded rapidly for about 6 miles on the Jugdespore Road, when we came upon the traces of the enemy, where they had crossed the road; we at once turned off to the left, and followed their tracks for about 3 miles at a gallop.

The Sowars who had been sent on, now returned and brought us good information, and we also heard from some villagers that the enemy had halted, and were taking their dinners in some tops of trees, a short distance in our front.

The ground had now become very difficult for Artillery and Cavalry to move rapidly over, being full of very wide ditches, and parts of it very jungly and wooded.

After going about a quarter of a mile farther we found a large body of the enemy in a top, who at once opened fire on us with their muskets and matchlocks, and their Cavalry came out to the front of the top.

We galloped up to within 200 yards of them and opened fire with two guns. Their Cavalry at once bolted, and the Infantry started off also into the khets and jungle. They left in great haste, leaving their dinners cooking on the fires.

Finding that the main body appeared, by the noise and dust, to be to our right, I wheeled to the right, and followed for about a mile, when we came upon a body of the enemy in a top of trees, with a bank in front, who appeared determined to make a stand, and who opened a very sharp fire, by which 2 Drivers of the Artillery were unfortunately wounded.

This party were evidently Sepoys, — their fire was that of drilled men.

As it was impossible to charge, owing to the ground in which they were, we gave them several rounds of case, which had the effect of at once starting them, and we afterwards found several dead bodies in the top.

We then pushed on, the enemy being all now in full flight, dropping their arms, baggage, lotas, shippers, &c., on the way, and all making straight towards the Gountee.

The country had become very difficult for Cavalry and Artillery, without Infantry, and it was nearly dark. On again overtaking them, and coming within about 200 yards of a large body of them in full flight, our Artillery gave them eight parting rounds of case, which appeared much to expedite their movements, and as it was now a quarter past 6, the sun had set, and it was dark, we at once started for Camp.

I did not consider the ground in which we were, over which we had been riding for the last three miles, as at all safe for Cavalry and Artillery to picket in for the night, and therefore decided at once on returning to Camp.

From the information we received, we must have been about a mile and a half or two miles from the river, and I do not believe there was any chance of the enemy stopping until they were well on the other side of it, from the rapidity with which they were going when we left them.

As far as I could ascertain, the number of the enemy killed must have been about 50 men.

The fire of the Royal Horse Artillery under command of Major the Honorable D. McD. Fraser, was exceedingly accurate and good, and had great effect.

The 7th Hussars under command of Major F. W. Horne were as usual perfectly steady.

The Sowars of Hodson's Horse under command of Lieutenant T. J. Watson behaved very well. They cut up some of the enemy, and I regret to say that 3 of them were wounded.

The Force arrived in Camp at $\frac{1}{2}$ past 10 p. m., having marched about 23 or 24 miles.

My thanks are due to Major F. W. Horne, who commanded the 7th Hussars, and gave me every assistance; to Major the Honorable D. McD. Fraser, who commanded the Royal Horse Artillery, for the energy and skill he displayed in the management of his guns over a very difficult country; to Lieutenant T. J. Watson, of the 40th Native Infantry, Interpreter to the 7th Hussars, who commanded the Detachment of Hodson's Horse in a most efficient manner, and was of great service to me in obtaining information.

The increase in the amount of the Bank Establishment, compared with that exhibited in the Statement for the Half-year ending 30th June 1858, arises from the increase to the Salaries of the Native Officers in the Accountant's and Depositor's Departments, as noticed in the last Report.

The sums expended upon Buildings and Repairs amount to Rs. 111.

The NET PROFIT on the business of the Half-year is equal to a Dividend at the rate of Rs. 10-3-22 per cent. per annum on the Capital Stock.

The Directors have declared a Dividend at the rate of 11 per cent. per Annum; for this purpose they have transferred from the Reserve Fund Account the sum of Rs. 43,000-0-11.

The Government Securities belonging to the Bank represent the sum of Rs. 26,00,000 of the 5 per Cent. Loan of 1856-57. The amount exhibited in the above Statement is the estimated value, at 8 per Cent. Discount. To meet this depreciation the sum of Rs. 2,08,000 has been taken from the Reserve Fund Account.

The amount of Public Securities in hand on the 31st ultimo in THE DEPOSITORS DEPARTMENT was Rs. 5,20,97,501; the total Commission received during the Half-year, Rs. 23,400-7-3 and the charges for Establishment, &c., of the Department, Rs. 9,453-7-11.

Frauds have been discovered to have been perpetrated by some of the subordinate Native Officers of the Bank Note Exchange Department, in surreptitiously introducing lost and stolen notes into parcels of notes intended for cancellation, and taking therefrom notes of a like amount. The guilty parties have not yet been detected, but those Officers upon whom strong suspicion rested of being accessories to the frauds, have been dismissed, and a more efficient system of check to such practices introduced. The full amount Rs. 20,100, thus fraudulently abstracted, has been recovered from the Khazanchee, who has the appointment of, and is responsible for, the fidelity of the Officers of the Department.

Legislative Council of India.

THE 8TH JANUARY 1859.

THE following Act, passed by the Legislative Council of India, received the assent of the Right Honorable the Governor General on the 30th December 1858 (communicated to the Legislative Council on the 8th January 1859), and is hereby promulgated for general information:—

ACT NO. XLI OF 1858.

An Act to amend Regulation X. 1829 of the Bengal Code (for the collection of Stamp Duties.)

WHEREAS, by the General Rule laid down at the end of Schedule A annexed to Regulation X. 1829 of the Bengal Code, it is declared that, if any Deed, Instrument, or Document specified in that Schedule shall not be contained in one sheet or piece of paper or other material, it shall suffice that one sheet shall bear the stamp, provided that the seals or signatures of the parties and witnesses be thereupon: and whereas the said Rule has been productive of inconvenience, and there is reason to believe that many Deeds, Instruments, and Documents have been executed since the said Regulation came into effect in respect of which the said Rule has not been complied with; and it is expedient to repeal the said Rule, and to provide for the reception in evidence of such Deeds as aforesaid; It is declared and enacted as follows:—

Part of Schedule A Regulation X. 1829 repealed.

I. The above Rule is hereby repealed.

II. Every Deed, Instrument, or Document specified in the said Schedule, which is or shall be contained in more than one sheet or piece of paper or other material, shall be deemed to be sufficiently stamped if any one or more of such sheets or pieces of paper or other material shall bear the requisite stamp, or stamps equal in value to the requisite stamp, whether the signatures or seals of the parties and witnesses shall or shall not be upon such sheet or sheets. The above provision shall apply to Deeds, Instruments, and Documents executed before this Act, as well as to Deeds, Instruments, and Documents which shall hereafter be executed. Provided as regards Deeds, Instruments, and Documents which shall be executed after the first day of January 1859, that every sheet or piece of paper or other material which shall contain any part of such Deed, Instrument, or Document shall be stamped with a Government Stamp of the value of at least one anna.

Stamp on Deeds contained in more than one sheet of paper.

Proviso as regards Deeds &c. to be hereafter executed.

III. In any case in which a Deed, Instrument, or Document has been rejected by any Court upon the ground that the same was not stamped within the meaning of the above-mentioned Rule, any party injured by the decision may obtain a review of judgment if the application be made within six months from the passing of this Act, and if the Court to which the application is made be satisfied that the Deed, Instrument, or Document, if admitted, would have led to

Review of judgment in certain cases in which Deeds &c. have been rejected as not stamped.

■ different decision upon the merits of the case.

IV. Nothing in the last preceding Section shall extend to any case in which a final decision was given more than six years before the passing of this Act.

Fort William, the 15th January 1859.

Notification.—The following Despatch, No. 36 of 1858, dated the 30th November, from the Right Hon'ble the Secretary of State for India, is published for general information:—

Part. 1. In your letter, dated the 14th August (No. 100) 1858, you report that, in "order to test the accuracy of an opinion which the Lieutenant-Governor of Bengal believed to be gaining ground both in England and in India to the effect that Native Christians were excluded from employment in the Public Service in this country, as such, and because they were Christians, without reference to their fitness," Mr. Halliday had called on the principal Officers employed under his jurisdiction for a report as to "the employment of Native Christians in the Public Service or their exclusion from it." And you forward an abstract of the replies made to this reference, a copy of which you caused to be placed on the Editor's table at Calcutta, with a view to its obtaining the publicity desired by the Lieutenant-Governor.

2. It is evident from the replies made to the enquiries of the Lieutenant-Governor, that no grounds exist for the impression which it was the object of Mr. Halliday to remove; and that the true explanation of the comparatively small number of that class who are engaged in the Public Service, is to be found in their small number in respect to the rest of the population, their generally low standard of qualification, and their preference either for trade or agriculture, or, in the case of those better educated, for employment in connection with Missionary operations.

3. This result of the enquiries of the Lieutenant-Governor is such as I should have been prepared to expect, and is quite satisfactory. As far as can be judged from the replies of the different Officers, the principle on which they have acted is that the applicant best qualified for the vacant situation should be appointed, whatever might be his Creed. This is the correct principle which ought to guide Public Officers in the selection of individuals for subordinate employment, and it is accordingly unnecessary to issue any fresh orders for the guidance of the Public Officers in the Bengal Presidency in this matter.

4. It is proper, however, that any misapprehension which may exist on this subject among persons unconnected with the Public Service should be corrected; and I trust that this object will have been sufficiently attained by your having caused the abstract of replies to be thrown open to the conductors of the Public Press.

5. I have no reason to think that there has been any exclusion of Christians, as such from the Public Service in any of the other Presidencies. It will nevertheless be proper to communicate to the several subordinate Governments the result of the enquiries made in Bengal, and the approval which the general principle there acted on has received from me in Council.
